How to download your rhinestone template

Thank you for your order! Your files are waiting for you.

1. Go to the PatternNifty download page:
   patternnifty.com/download

2. Enter your PatternNifty code.
   It is the code you put in the Personalization field on Etsy, for example PN-7K3Q-9XPA.

3. Click Download ZIP.
   You get SVG, production sheets (PDF), AI, EPS, DXF and PNG, at your design's natural size.

Payments usually appear within 10 minutes of checkout; the download page checks again automatically. Your files can be downloaded for 30 days after payment.
