It is the code you put in the Personalization field on Etsy, for example PN-7K3Q-9XPA.
Tick the box and click Download ZIP.

You find it in your Etsy purchases and in Etsy's order email.
Upload your photo, try up to 3 designs, pick one and download your files.

You get SVG, production sheets (PDF), AI, EPS, DXF and PNG at your design's natural size.
Payments usually appear within 10 minutes of checkout; both pages check again automatically.
Your files can be downloaded for 30 days from the day you get them.
